## Pocket Eileen iPad Stand

An adjustable, durable, portable, low-cost iPad stand for use by those with various disabilities.

### Materials:

- 2- 4-inch x 6-inch Pieces of Corrugated Plastic
- 1- 1-inch x 4-inch Strip of Corrugated Plastic
- 1- Box Knife
- 2- 4-inch Strips Self-Adhesive Velcro
- 2- 4-inch Strips Double-Sided Tape
- 4- Rubber Feet Furniture Padst

### Directions

---

1. Apply double-sided tape to the top of one 4-inch by 6-inch corrugated plastic board.

2. Apply both Hook Velcro Strips to the center of same corrugated board.

3. Apply double-sided tape to the top of the second 4-inch by 6-inch corrugated plastic board.

4. Apply Loop Velcro Strip at the bottom of second 4-inch by 6-inch corrugated plastic board.

5. Cut a score line in the second piece of corrugated board with the loop Velcro Strip face up approx. 1 inch from the bottom. Do NOT cut all the way through board.

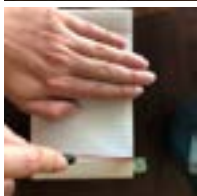

6. Cut a score line in the corrugated board in the center of the second board. Do NOT cut all the way through the board.

7. Flip the second corrugated board over. Cut a score line in the corrugated board approx. 1-inch on the back side of the double-sided tape (slightly wider than double-sided tape). Do NOT cut all the way through the board.

8. Attach the Velcro together.

9. Stack the double-sided tape together.

10. Remove the double-sided tape protector from lip of stand. Apply 1-inch x 4-inch strip to double-sided tape.

11. Apply rubber furniture pads to bottom of stand.
